Change for Charity

Ground support

Malaysia Airlines has been supporting MERCY Malaysia through our onboard campaign called Change For Charity (CFC), which to date, has collected over RM90,000 for MERCY'S health-related programmes locally as well as in Bangladesh and Cambodia. Extending our support one step further, in July, our cabin crew and other employees volunteered to assist MERCY in a community outreach programme in Kuala Sengka, Kluang in Johor.

They helped set up clinics and conduct basic health screening, distribute hygiene kits and give talks to over 130 Orang Asli in the area. Malaysia Airlines External Relations' Senior General Manager, Dato' Capt Mohd Nawawi Haji Awang says, "This completes the cycle for us – from collecting the donations on board to now, being physically present to assist MERCY in this noble cause on ground."

Watch a two-minute video on this on board our B747 and B777 fleet; to contribute to the campaign, place your donation in the sealable envelope in your front seat pocket (on selected international flights) and pass the envelope to our cabin crew
